

Corrigendum

S. L. Donoghue, V.E. Neall, and A.S. Palmer: Stratigraphy and chronology of late Quaternary andesitic tephra deposits, Tongariro Volcanic Centre, New Zealand. *Journal of The Royal Society of New Zealand* 25(2): 115-206 (1995).

Readers are advised that the authors have incorrectly used “Mangamate Formation” in place of “Mangamate Tephra”. In all cases “Mangamate Tephra” should have been used. Corrections are required on: p.121, Table 1; p.122, Table 2; p.149, caption to Fig. 14; p. 177 para.1; p.146. On p.146 under *Definition and age*, the text should read: “Mangamate Tephra Formation (Topping 1973), here renamed Mangamate Tephra, comprises six named tephra members erupted from Mt Tongariro”.

A typographic error also occurs on p. 183. Delete line 1 of the Tufa Trig 1 [TT1] section description so that the description begins with Makahikatoa Sands.
